

SMITH RIVER BIOLOGICALS

Quality Biologicals and Prepared Media for the Laboratory Professional

Dr. David Roycroft
May 10, 1937-May 22, 2023

It is with great sadness that we announce the passing of Dr. David Roycroft, founder of Smith River Biologicals. David and his wife, Elizabeth, founded the business in 1982 with the vision of manufacturing and providing quality testing products to laboratory professionals. That goal was met.

Today, Smith River Biologicals works to provide these products to customers coast to coast and internationally. We are proud of the tradition he started and will continue his work with the ownership and management team that has been in place since his retirement in 2014.
